# SALVATION

© 2007 words & music Wade Iedema

God owed me nothing  
only condemnation  
Sin held me bound in  
shackles still unbroken

He came and sought me  
with his blood he bought me  
God lavished mercy  
though I was the enemy

I only believe  
for you have brought me near  
I only stand free  
for Jesus died for me

Salvation  
Salvation  
Ransomed through the Holy One  
Rescued by His only Son

Why should he choose me?  
Too great a mystery  
Glorified with Christ  
Seated in highest heights

I only believe  
for you have brought me near  
I only stand free  
for Jesus died for me

Salvation  
Salvation  
Ransomed through the Holy One  
Rescued by His only Son

Rescued by His only Son

# MAY MY LIFE (*be a song*)

© 2007 words & music Wade Iedema

I can raise my hands to the sky  
I can lift my voice to you  
With my whole heart praise your name  
I could swear I'll follow you

I could say you are my King  
I could fall down on my knees  
With a face of tears praise your name  
I could pledge my life to you

But there must be more  
For you are the Lord  
And you gave your life  
That I may live for you

May my life be a song to you  
May my life worship you  
May my life be a song to you

May my life light your name on high  
May my life glorify  
May my life be a song to you

# WHO HOPES *for what* THEY ALWAYS HAD?

© 2007 words & music Wade Iedema

Now there are no more  
convictions for those  
who trust in the one  
who died to overcome

The Spirit of life  
has now set us free  
from sin and from death  
from sin and misery

For in hope we were saved  
Though we don't see it now  
It soon will come

For who hopes for what  
they always had  
they always had  
For who hopes for what  
they always had  
they always had

All creation groans  
And Longs for the day  
When its free from the chains  
Of all death and decay

And we also groan  
as eager we wait  
for adoption as sons  
and redemption to come

# WILDFLOWER

© 2007 words & music Wade Iedema

Beauty shines  
for a time  
Pleasure now  
is passing by

Riches gain  
Riches rust  
All that gleams  
will never last

Wildflower blooms  
Wildflower fades  
But the word of God  
remains the same

Kingdoms rise  
Kingdoms fall  
all grand schemes  
will come to nought

Armies build  
None endure  
Nations power  
will come to ruin

Wildflower blooms  
Wildflower fades  
But the word of God  
remains the same

Sun will rise  
Sun will scorch  
To the ground  
wildflower falls

# THE NIGHT is NEARLY OVER

© 2007 words Wade Iedema, music Amanda Hewlett arr. W. Iedema

When night hung like a cloud  
The darkness of my sin  
O'er ran me like a whelming tide  
You heard my failing cry  
And reaching for your light  
You did not leave me blind  
Hard scales like rain fell from my eyes  
Sure hope of hope beyond is mine  
For the night is nearly over  
The day is almost here

When darkness reigned that hour  
And evil men conspired  
Light of the world though crushed in mire  
Could never cease to shine  
And rising as his right  
The flame became a fire  
The life of life the death of death  
Tis' closer with each passing breath  
For the night is nearly over  
The day is almost here

When all things are complete  
And gathered nations sing  
The curse be gone we'll see his face  
And praise his boundless grace  
In holy city dwell  
Where crystal waters flow  
And trifling sparks of earth now spent  
For God its light, the Lamb its lamp  
For the night will then be over  
The new day surely here

For the night will then be over  
The new day surely here

# PILOT

© 2007 words & music Wade Iedema

By your mercy  
You have called us  
Out of slavery  
To your promised land

You have taken  
Us from bondage  
Now Lead us onward  
By your mighty hand

Be our pilot  
Be our light  
Be our compass  
Be our guide

Be our pilot  
Be our light  
Be our compass  
Be our guide

You alone are Lord of all  
You alone are Lord of all

You're the shepherd  
We hear your voice  
And in your gospel  
Now our hearts rejoice

Help us follow  
The path you walked  
Through pain and suffering  
Take us to our home

Be our pilot  
Be our light  
Be our compass  
Be our guide

Be our pilot  
Be our light  
Be our compass  
Be our guide

You alone are Lord of all  
You alone are Lord of all  
You alone are Lord of all  
You alone are Lord of all  
You alone are Lord of all  
You alone are Lord of all

# BEAUTIFUL

© 2007 words & music Wade Iedema

Without hope  
Nothing in me  
That could draw me to your sight  
But you bought  
This wretched heart  
This defiant flesh of mine  
And you gave  
Your life for me  
To redeem me from the grave  
Took these rags  
My ugly life  
Now you call me beautiful

I'll boldly stand  
Before His throne  
Through Jesus Christ  
His blood atoned

This righteousness  
Is not my own  
Founded on his  
Goodness alone

And you gave  
Your life for me  
To redeem me from the grave  
Took these rags  
My ugly life  
Now you call me beautiful

Now you call me beautiful  
Now you call me beautiful  
Now you call me beautiful  
Now you call me beautiful

# PRAISE *the* LORD O *my* SOUL

© 2007 words & music Wade Iedema

For as high as the heavens are above the earth  
How great are the depths of his love for us  
Praise the Lord  
O, O my soul

And as far as the East is apart from the West  
So far has he taken our sins from us  
Praise the Lord  
O, O my soul

Praise the Lord all you his works  
Praise the Lord you heav'nly hosts  
Praise the Lord all on the earth  
Praise the Lord O my Soul

How tender the love of a father for his child  
So tender the love for His reconciled  
Praise the Lord  
O, O my soul

Now and from everlasting to forevermore  
His steadfast love for those who on him call  
Praise the Lord  
O, O my soul

Praise the Lord all you his works  
Praise the Lord you heav'nly hosts  
Praise the Lord all on the earth  
Praise the Lord O my Soul  
Praise the Lord O my Soul  
Praise the Lord O my Soul

# STARS

© 2007 words & music Wade Iedema

Through and through live worthy of  
The gospel of our Lord  
Stand together be as one  
fearless to face the foe

Let your mind be of our Lord  
Who though God above us all  
Gave up all for lowest lows  
To save us for his own

You are shining like the stars  
You are shining like the stars  
Though the days be dark as nightfall  
Holding fast the word of life through all  
You are shining like the stars

Though the days be dark as nightfall  
Holding fast the word of life through all  
You are shining like the stars  
You are shining like the stars  
You are shining like the stars

# NOW *my* EYES HAVE SEEN YOU

© 2007 words & music Wade Iedema

Now my eyes have seen you  
I fall onto my knees  
Now my eyes have seen you  
I beg you for release  
I despise my life  
All of my lawless pride  
O Forgive me  
O Master  
Lord of creation

You can do all things  
Only you alone

Now my eyes have seen you  
The wonders you have done  
Now my eyes have seen you  
you gave your only son  
Let me give my praise  
To you O God of Grace  
O Forgive me  
O Father  
Lord of Salvation

You can do all things  
Only you alone

Every plan you make  
Will surely come to pass  
Every plan you make  
Will surely come to pass

You can do all things  
Only you alone  
You can do all things  
Only you alone  
You can do all things  
Only you alone

Only you alone
